

STRATEGIC COMPONENT SUPPLY AGREEMENT

This Component Supply Agreement is entered into by Pinnacle Automotive Systems Corp. ('Buyer') and Kinetix Precision Parts GmbH ('Supplier').

Section A. Purchase Orders and Lead Times

Supplier shall manufacture and deliver precision sensor assemblies pursuant to Buyer purchase orders with a guaranteed production lead time of forty-five (45) business days.

Section B. Price Adjustments and Currency

Unit component prices remain fixed for initial twelve months. Annual price increases shall not exceed five percent (5.0%) and require sixty (60) days advance documented cost justification.

Section C. Product Warranty and Defect Remedies

Supplier warrants that all delivered components are free from manufacturing defects for twenty-four (24) months from delivery date. Supplier shall repair or replace non-conforming parts within fourteen (14) calendar days.

Section D. Patent Infringement and Product Indemnification

Supplier agrees to defend and indemnify Buyer, its affiliates, and customers from and against any third-party claims alleging patent infringement or personal injury arising from component manufacturing defects.

Section E. Agreement Term and Termination Rights

Either party may terminate this agreement without cause upon ninety (90) days prior written notice. Either party may terminate immediately without notice upon the insolvency or bankruptcy of the other party.

Section F. Applicable Law and Judicial Jurisdiction

This Agreement shall be interpreted and governed in all respects in accordance with the substantive laws of England and Wales, with exclusive jurisdiction in the High Court of Justice in London.
